

BY TELEGRAPH TO THE FREEMAN. 4 O'CLOCK, A. M.

WASHINGTON, Oct. 29.
A military order prepared several days ago, having in view the repair of the Baltimore and Ohio railroad, which found its way into the newspapers has not yet been officially promulgated, and the belief is that it has either been suspended or rescinded.

Accounts from Darnestown state that arrivals from the Missouri and the scene of the recent battle below, show that all was quiet there yesterday. The enemy's pickets frequented the Virginia shore of the Potomac and occasionally sent a leaden compliment to our pickets on this side. But no serious casualties have happened.

The question has been asked why Gen. Lander was absent from his brigade at the battle of Ball's Bluff, in which one of his regiments participated. He was in Washington at the time, under special orders from the Government.

On hearing of the engagement he immediately proceeded to Edward's Ferry, where he did good service, for which he has been complimented by the commanding general. He now lies wounded at his quarters in Washington.

Col. Baker's body has been embalmed. It will be exhibited in state in Philadelphia, previous to its removal to California. The only public event on the Virginia side of the Potomac to-day, was the review of Gen. McClellan's division.

EDWARDS FERRY, Oct. 26.
All was quiet during the night: no pickets were thrown over the river, but those this side guard the rebels opposite all night and saw their fires thickly scattered in the woods along the shore. Their central point was a clump of trees on a bluff where our troops had constructed a gun position and near the spot where our artillery shelled them during the skirmish on Tuesday last. When our troops were withdrawing from the Virginia side on Wednesday night, the Indiana 16th Regiment, occupying then the most advanced position were not aware of any withdrawal until the rest had been successfully carried over.

They lay on the cold ground, almost frozen, with loaded muskets, expecting every moment a serious and overpowering assault from the concealed and reinforced enemy, whose numbers were known to exceed theirs by thousands, yet no movement was at the order to retire without despoiling the ground inch by inch.

Slowly and mutteringly they retired to the place of embarkation, picking up and loading themselves with canteens, knapsacks, guns and equipments left by those who retired before them. They brought two prisoners with them, a son of a mill and his son, who were charged with preparing combustibles to fire the bridge over Goose Creek, but were prevented by the sudden descent of our skirmishers.

A non-commissioned officer of a Mississippi Regiment, a prisoner of war was astonished to learn that our army was not almost entirely composed of abolitionists and radical Republicans, and that our main object was not to emancipate the slaves. He said if the fact was generally known to the working people of the South, that our main object was to sustain the Government and preserve the Union, there would be a revolution in the rebel army, and peace restored.

He was surprised beyond measure when assured that the Breckenridge Democrats constituted a large portion of our army.

Capt. Vaughan of the Rhode Island battery returned. He was captured by a party not understanding the law of nations relative to flags of truce, but was released by the officer.

DARNESTOWN, Oct. 27.
Three brigades of Gen. Banks' division left Edwards Ferry yesterday, and arrived here last night. A sufficient force remains at the Ferry to insure safety against its crossing by the rebels.

Before leaving yesterday, the rebel picket line faced the opposite side, tormenting our men with their attempts to invade Virginia, and begging them to come and pay them another visit. The division remains here over Sunday. Its future movements are unknown.

Richmond, Oct. 21.
The track of the Alexandria railroad has been torn up from Fairfax Court House to Manassas. Gen. John Grayson, commanding the Florida forces, died at Tallahassee.

Gov. Moore has issued an order requiring all persons leaving New Orleans and Jefferson Point in steamboats for Memphis to get passes from the executive officer.

New York, Oct. 29.
The Commercial prints an extract of a letter from the fleet about to sail from Hampton Roads which states that a surgeon from the Vanderbilt reported that the Commodore had been robbed of all his private papers, plans, charts, and sealed orders, by his private Secretary, who is supposed to have gone over to the rebels.

ROLLA, Oct. 29.
Thirty-eight of our wounded soldiers arrived today from Springfield, which place they left on Thursday last. Gen. Price was then at Washo, in Newton county.

On Wednesday about 1000 rebels entered Springfield and took away a considerable quantity of stores left by Col. Taylor.

LOUISVILLE, Oct. 29.
Gen. Thomas, in his official account of the affair at Wild Cat, says that the forces were nearly equal, and that the Federal troops repulsed the enemy with great loss to the rebels, and little to themselves.

New York, Oct. 29.
The prisoners at Forts LaFayette and Columbus will be removed to-morrow to Boston harbor.

HARRISBURG, Oct. 29.
Marching orders have been issued to eight full armed and equipped regiments. They will leave during the week.

New York, Oct. 29.
Washington despatches state that scouts from Gen. Hancock's brigade entered Fairfax Court House. No rebels were seen.

The rebel steamer Geo. Paige was seen to come to the Maryland side on Monday with a large number of men on board, but taking another alarm at the sound of a bugle in the camp of Gen. Taylor she returned to the Virginia side without landing any troops. She threw a few shells, however, in the direction of Col. Taylor's forces, but without damage. Some of our vessels fired into the battery at Aquia Creek, with what result is not known, and the fire was returned by the rebels.

Gen. Rosecrans' despatches from Western Virginia state that he is preparing to make another advance movement, with a view to drive the rebels from that section of the country, and states that he believes they have been retreating for several days past.

The case of Col. Henry L. Scott is now before the Retiring Board. He desires to be relieved from active service, in consequence of disease. He is a son-in-law of Gen. Scott.

Gov. Sprague has revoked the commission of one of the Rhode Island Colonels.

The Times' despatch says P. H. Lee, brother of the rebel General, has been arrested and confined in Alexandria as a spy.

FORTRESS MONROE, Oct. 29.
The great fleet sailed this morning, the Washash taking the lead. At daylight the gun was fired as a signal. The Cahawba brought up the rear.

The vessels, 50 in number, formed in line a few miles down the river and went out between the Capes in splendid style. The Baltic had the Ocean Express in tow, the Vanderbilt, the Great Republic, the Illinois, and the Golden Eagle.

The morning was the most beautiful of the season, and the scene the finest of the kind ever witnessed on the continent.

No news at Old Point.

New York, Oct. 30.
The steamer Columbia with Havana dates to the 26th has arrived. The rebel steamer Theodore, formerly the Jordan, Captain Lockwood, left Havana on the 23d inst. for Charleston.

She landed Mason and Slidell at Cardenas, and afterwards went to Havana, Mason and Slidell going overland. They were received with the highest consideration from the Captain General. The Theodore took a large quantity of arms on her return: also provisions, coffee, &c. She was presented with a silk flag by the Southern ladies.

PHILADELPHIA, Oct. 30.
The brother-in-law of Alexander McKinley, private Secretary of Commodore Dupont, publishes a card emphatically contradicting the report that he has absconded with the sealed orders and charts of the Naval Expedition, and has taken measures to hold accountable all contributing to the defamations of an innocent man.

In regard to Kentucky, it is stated that Gen. Sherman deems 200,000 men necessary, although willing to fight the enemy with what he has.

No large bodies of troops can be raised in the State and its defence must devolve on the free States of the West.

DR. MARSHALL'S HEADACHE AND CATARRH SNUFF.

THIS snuff has thoroughly proved itself to be the best article ever known for curing the CATARRH, GOLD IN THE HEAD, and the HEADACHE. It has been found an excellent remedy in many cases of SORE EYES. DEACON has been removed by its use, and HEADACHE has often been greatly improved by its use. It purges out all obstructions, strengthens the glands and gives a healthy action to the parts affected. It is recommended by many of the best physicians, and is used with great success and satisfaction everywhere.

More than twenty-five years' experience has proved its great value; and at this moment it stands higher than ever before.

A large number of the most respectable Druggists in Boston and New York, in our certificate signed by them in 1854 say:

"The undersigned, having for many years been acquainted with DR. MARSHALL'S CATARRH AND HEADACHE SNUFF, and sold it in our wholesale trade, cheerfully state, that we believe it to be equal in every respect to the recommendation given of it for the cure of Catarrhal Affections, and that it is decidedly the best article we have ever known for all the common diseases of the head."

Be aware of Counterfeits!
A fac simile of the signature of the Proprietor CHARLES BOWEN, is on every bottle. Sold by Druggists everywhere.

LADIES GAITER BOOTS.

A little glove sits up on your heels as they stir up the ocean, A snow-white muslin, when it fits, makes many a curious notion.

All sorts of lady's boots and gaiters, as they are called, But little female gaiter boots are death and nothing shorter!

And just to put you on your guard, I'll give you, short and brief, A small hotel experience

Which filled my heart with grief; Last summer, at the Pavilion Hotel, I stopped a week or more,

And marked two "boot-ees" every morn Before my neighbor's door;

Two boots with patent leather tips, Two boots which seemed to say,

"An angel trots around in us," They stole my heart away;

And often in my nightly dream They swept before my face,

A lady growing out of them As flowers grow from a vase,

But ah! one morn I saw a sight Which struck me like a stone,

Some other name was on the boot Those boots were not alone;

A great tall pair of other boots Was standing by their side,

And off they walked one afternoon And with them walked—a bride.

Ladies, comment is unnecessary: Those Gaiter Boots came from

FIRE PROOF SAFES

IN THE WORLD ARE THE

MARLAND PATENT.

Certificate of approval, in comparison with other safes—

Grafton, Dec. 3d, 1858.

Messrs. Sherwin and Burgess, Agents for Marland's Patent Safe.

I have examined the Marland's patent safe in your store, and so far as I am able to judge of its fire proof qualities, I believe the principle upon which it is built, the most reliable in resisting heat, of any fire proof safe that has come under my observation, and particularly recommend it to the attention of our Probate Districts that are now supplying themselves, for the preservation of their records.

BENJ. W. DEAN, Sec. of State.

Brattleboro, Dec. 3d, 1858.—This we certify that we have examined the Marland's Patent Fire Proof Safe, exhibited to us by Mr. Anson Hardy, and that in our opinion, Marland's Safe would be a desirable one to purchase for the use of the Probate Courts.

A. STODDARD, Judge of Probate.

Middlebury, April 27th, 1859.—The Legislature of Vermont at its last session passed a law making it the duty of County Judges to preserve Fire Proof Safes, in which to deposit Probate Records. In discharge of that duty we have spent some time in examining a number of Safes we have come to the conclusion that the Marland Safe manufactured by M. B. Bigelow & Anson Hardy of Boston, Mass., is superior to any other we have examined for its Fire Proof qualities. We have bought a safe of that description for the New Haven Probate District, and are well satisfied with its workmanship, appearance, strength and cost.
